## SINMAG HUMIDITY UNIT ST-200

SINMAG

The Sinmag ST-200 humidity unit connects directly to water and electricity to give a virtually maintenance free proving solution.

The Sinmag ST-200 humidity is adjustable from 40% to 98%.

Powered by 3 phase power the unit is strong enough for most applications up to 3 double rack capacity. 3 phase power unit needs to be hard wired from an isolation switch. 11 amps per phase hard wired.

All units are to be connected to service by customer's plumber and electrician.
